Fun on the Ice!

By Faiza and Taha

In December it was very cold and windy outside! It was snowing and there was also lots of ice.

Due to the snow, everyone had to miss their breaktime.

The whole playground was filled with snow!

Fun facts

Did you know that in Winter, the Earth stays closer to the sun?

A snowflake can take up to 2 hours to fall from a cloud to the ground.

The largest snowflake was about 15 inches wide.

In Winter, there are barely any leaves on trees and the amount of light is at its shortest.

Our Playground

By Simrah and Hidaayah

In Stepney Park Primary School, we have several objects in our playground.

South side:

- monkey bars
- gym equipment

On the climbing frame:

- slide
- pole
- spiral
- rock climbing

North side:

On the climbing frame :

- pole
- rock climbing

And varieties of other things...

School Crazes

By Rayaan, Habiba and Raidah

Stepney Park Primary School has had many special events like:

- new basketball hoops
- new car road for pulley boards
- new green bouncy balls
- Playground Captains
- Community Ambassadors
- football Leagues
- scooters

In Stepney Park Primary School, there are 6 characters that each show a different behaviour.

Empathy, responsibility, curiosity, ambition, collaboration and trying new things.

These help children to behave in school and the playground.

Environmental Issues

By Amila and Bahara

This year, Stepney Park is making an extra effort to recycle more and use less paper.

The school has over 800 pupils in need of books, paper, card, cardboard and flipchart paper.

At Stepney Park, the Rights Respecting counsellors have given each class a recycling bin to reuse unwanted scraps and paper.

Plastic waste

Stepney Park pupils and staff are wasting things like plastic wallets, cracker packets, food packets and so on. In the playground, children have been leaving bottle caps, plastic bottles, chocolate wrappers, crisp packets, etc.

Our goals are less littering, more recycling, less paper and reusing resources.

It takes over 500 years for plastic to disintegrate. (1000 years to degrade). Plastic is made of something called fossil fuel, which one day we might not have. Fossil fuel is a fuel made from decomposing animals and plants.

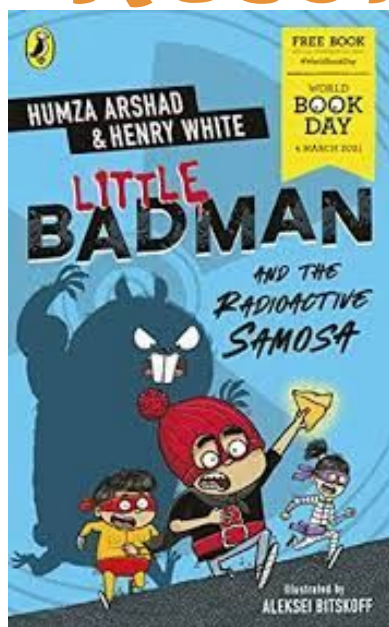

Book Recommendations

I would recommend this book to people who like adventurous books. This book is about a boy named Humza, who is a little bad man, and his friends, who are called Umer and Wendy.

It is the summer holiday and Umer, Wendy and Humza went to a place to see shooting stars and Humza brings samosas. They sit down to eat it as they watch the shooting stars. But then a star hits the samosas and then the samosas become radioactive. Humza and his friends eat one and it tastes normal. But what they didn't know is that the next day they would get super powers.

Then Humza asks Umer to look after the samosas, because his family would eat them all if he took them home with him. Umer does so, but he leaves his hamster cage open by accident. Then when he leaves one of the hamsters eats one and becomes a giant monster. And the other hamsters do too.

The rest is for you to find out. So I think you should read this book. It's one of my favourites.

Top 4 Video Games

By Adam and Haadi

Roblox is an online platform where you can play a variety of games, build your own games, make new friends and chat to them! There are over 40 million games to choose from! It was founded by David Baszucki and Erik Cassel. Some of the most popular games on Roblox are Brookhaven, Pet Simulator X and Welcome To Bloxburg. Roblox started as a physics game for kids to play in 1989, then later turned into the Roblox we now love today.

Minecraft is a game where you can go on multiple adventures, have building contests with friends, hunt down the Ender Dragon and explore Java coding. It was founded by Markus "Notch" Persson in 2011. But watch out because at night some mobs can spawn so you should craft some weapons! You can even tame animals. Playing with friends will make it a lot more fun!

If you like football or like driving in fast cars Rocket League is the game for you! Rocket League is a game where you can choose 100+ different types of cars to play football with. You can even do amazing tricks! If you want to save the day you can be the goalkeeper! Rocket League was founded in 2015 by Dave Hegewood.

Mario kart is a popular Mario game where you can pick 36 amazing characters to race with. Some of the most good looking characters are Dry Bowser, Yoshi and regular Bowser. At 4.75, Wario has the highest possible character speed in the game, making him a go-to for speed-focused kart configurations. Adding the Circuit Special kart and the Metal tires adds an extra 1.0 speed at the cost of acceleration, handling, and traction. Once you get better you can't go faster since the highest speed is 250cc.

Movies and TV

(Spoiler Warning)

Black Panther: Wakanda Forever is an action movie made by Marvel Productions. At the start, Princess Shuri (Letitia Wright) is trying to save a dying T'Challa (Chadwick Boseman) and she's typing on a hologram and then... she is informed he is dead. It then cuts to a funeral of the first Black Panther. Everyone is dressed in white clothes.

Then, it shows all the world leaders, including the queen of Wakanda, talking about the attacks from the US military attempting to steal Wakanda's strong weaponry. The Wakandans are easily able to defend themselves, because of their strong armoury of powerful, futuristic weaponry.

This is just a great movie and I recommend it. It's not in cinemas any more but it is on Disney+. They call the bad guy "the fish man" (Tenoch Huerta) as he can breath under water. At the start of the movie, he and his tribe attack a cargo ship. OK, too many spoilers now...

Jessie is an American TV show which was popular in 2011-2015. It is a great show for kids (7-10 years old). It teaches you good things that you should do, such as being kind to others and not stealing people's items. It's a comedy TV show and it's also a drama show.

The actors are Luke Ross (Cameron Boyce), Zuri Ross (Skai Jackson), Jessie (Debby Ryan) and (Kevin Chamberlin) and many more.

They all get in trouble all the time. Jessie is also a nanny who takes care of 4 kids (Luke, Emma, Ravi and Zuri Ross). Zuri is from Uganda, Ravi is from India and Luke and Emma are from the United States of America.

Jessie is about 20 years old or over. Jessie was planning to be an actor, but when she went in the taxi, she saw a child Zuri Ross who she had never met before, wearing a tutu.

The Cartoon Industry

By Sumayya, Anya and Zara

5 Things You Need To Know About Ben & Holly's Little Kingdom:

- Gaston acts like a dog. ...
- You can never have too much jelly. ...
- Humans are 'BIG' people. ...
- Nanny Plum is multilingual. ...
- Ben & Holly's Little Kingdom was created by the team behind Peppa Pig.

My personal vote on it is 10/10, as it's incredibly fantastic and if you view some of the scenes it is quite sassy..

The Unstoppable Yellow Yeti is on Disney+. It has one season and is really funny. The main characters are called Osmo (the new boy) Gustav (the yellow yeti) and Rita (the mayor's daughter).

I would give it 10/10 on the enjoyable rater. I would recommend this cartoon to people who like adventures, because in every episode there is an adventure. There is never a dull moment.

Fun facts about peppa pig:

- Peppa pig's best friend is Suzy sheep.
- Peppa and George love playing happy Mrs Chicken.
- Peppa pig and George love sailing and gardening and they were inspired by their grandpa.
